

TARRIER STEEL - BREAKFAST WITH A FABRICATOR

You're invited to drop by Tarrier Steel between 6:30 am and 8:30 am on SteelDay, September 15th for breakfast and a tour of their facility. You'll gain a clear understanding of the structural steel supply chain, the fabrication process including Tarrier's plasma table capable of cutting up to 3 inch plate and the expertise that a structural steel fabricator can contribute to your projects. You'll also receive a code for a special discount on a package that includes the new 15th edition of the AISC Steel Construction Manual.

About your host

Established in 1919, The Tarrier Steel Company is a team of structural steel fabricators specializing in commercial buildings and industrial applications. Tarrier Steel is the largest and oldest structural steel fabricator in Columbus with projects span 98 years and 8 states, including high rise buildings, MOB's, Hospitals, and Schools. Our in-house services include Detailed Drawings, Saw Cutting, Plasma Cutting, Shearing, Welding, Prime Painting and Delivery with our own equipment and staff.
